

Vic John Oboza Salen Jr.

Bachelor of Science in Information Technology · Web Developer · UI/UX Designer
Mayondon, Los Baños, Laguna | 0991-883-3309 | JohnSalen13@gmail.com | Born: October 13, 2005

PERSONAL STATEMENT

A consistent Dean's Lister and award-winning Information Technology student at Laguna State Polytechnic University, with a demonstrated ability to design and develop full-stack web systems and intuitive digital experiences. With a foundation built across ICT-focused senior high school education and active leadership in student organizations, I bring both technical proficiency and collaborative initiative to every project I undertake. Driven by a genuine passion for technology, I seek opportunities where I can contribute meaningfully, continue growing as a developer and designer, and create solutions that make a real difference.

EDUCATIONAL BACKGROUND

Laguna State Polytechnic University – Los Baños Campus 2024 – Present

Bachelor of Science in Information Technology

College of Computer Studies · Los Baños, Laguna

CORE COMPETENCIES

- Adaptability & Quick Learning
 - Communication & Teamwork
 - Time Management
- Detail-Oriented & Organized
 - Leadership & Project Management
 - Willingness to Learn New Skills

ACADEMIC PROJECTS

Admission Portal — Applicant Management System

2026

Advanced Database Systems · 2nd Year, 2nd Semester · Solo Developer

A role-based web portal built to manage applicant profiles, handle user authentication, and support admin-controlled data operations within an academic admission system. The system features a secure login mechanism, dynamic data tables with CRUD functionality, and a structured admin dashboard for managing applicant records and status.

Stack: PHP · JavaScript · MySQL · HTML · CSS · Role-based Authentication

Hobby Track — Habit & Interest Discovery Mobile App

2026

Platform Technology · 1st Year, 1st Semester · Solo Designer

A comprehensive mobile application UI/UX prototype designed in Figma, aimed at helping users discover their personal interests, form and sustain meaningful habits through daily check-ins, monitor progress over time, and receive personalized reminders. The design emphasized simplicity, accessibility, and engaging user flow.

Stack: Figma · UI/UX Design · Prototyping · User Flow · Wireframing

Media Club Website — News Publishing Portal

2023

Practical Research · Grade 12, 2nd Semester · Lead Developer

A full-featured content management website developed for the school's Media Club, enabling staff editors to publish and manage news articles and allowing readers to browse published content with ease. Built with a role-based access control system distinguishing contributors, editors, and administrators, with a clean, reader-friendly front-end interface.

Stack: PHP · JavaScript · MySQL · HTML · CSS · CMS · Role-based Authentication

ORGANIZATIONAL INVOLVEMENT

College of Computer Studies Student Council — LSPU Los Baños

2024 – 2026

Event Coordinator

Served as Event Coordinator for two consecutive academic years (A.Y. 2024–2025 and A.Y. 2025–2026), overseeing the planning, coordination, and execution of college-level events for the College of Computer Studies student body.

Student Body Organization — Colegio De Los Baños

2022 – 2024

ICT Representative

Represented the ICT strand in the student body organization, serving as a liaison between ICT students and the school administration, and participating in student governance and campus activities.

Multimedia Manager

Managed multimedia content production for the school's Media Club, including photo and video editing, digital content creation, and publication support for school events and news coverage.
